

# **READ ID**

### Read Result

Family Name: Mustermann

First Name: Erika

Date of Birth: 12.08.1964

Place of Birth: Berlin

Expiry Date: 31.10.2020

## **DESKO READ ID**

### Automated Data Capture from any ID Document

READ ID is an essential software tool designed to automate data capture in any business or security process.

READ ID will without any user interaction scan the document, identify the type of document, locate the data fields, read the data fields and provide them for your application.

The highly reliable visual inspection zone (VIZ) reading technology from DESKO is the basis for this automated and error free data capturing process. The simple to integrate software developers kit (SDK) enables an easy and quick integration in your application.

### **Your Advantages**

- Auto populates the data fields of your application
- Eliminates manual typing
- Increased efficieny, reduced human error
- Expedited customer service

## **READ ID**

#### **Application**

To photo copy e.g. personal identification documents, ID cards, passports or drivers' licenses and manually enter identification details in computer systems is a time consuming and error-prone activity. In many industries such as finance (banking, insurance), hospitality (hotels, gaming, car rental) health care (hospitals, clinics) to name just a few, these routines increase costs and absorb valuable customer service time.

READ ID, a powerful and easy to use software tool, enables your staff to capture all neccessary data from any national or international ID document quickly and reliable. No matter if e.g. an ID card, passport, visa or driver license is presented DESKOs READ ID automatically captures all data and integrates them into your application.

#### Software

- API: Win 7 and Win 8/8.1 32 bit and 64 bit libraries and sample applications for C/C++, Java and .Net
- Licensing: one license per PC workstation
- Updates: The regular updates contain document library updates to maintain the highest level of assurance and stay up to date with the ongoing changes in the wide field of ID documents

#### **Hardware**

Perfect images of the ID are the fundamental basis for a successful and reliable ID reading process. The DESKO full-page scanner range is the ideal completion to the READ ID software to ensure a perfect and trouble-free operation.
